International investigation or settlement

Has the same matter been submitted under another procedure of international investigation or settlement?

No

Please indicate the procedure or body you have submitted the same matter to, date of submission, the authors, the claims made, the decision adopted, and the reason why this should not prevent the communication from being considered by the Committee.

Facts

See Annex 11 for the full forensic timeline and evidence.

The facts detail a calculated evolution of tactics by the State Party spanning 1972–2025, divided into two phases:

Phase I (1972–2000): Foundational Crimes.

I was subjected to severe physical and mental torture, including clandestine electroshock conditioning, drug-facilitated abuse (forced infertility), and "mind control" sessions conducted by state-connected actors, including Joris Demmink (later Sec-Gen of Justice). These acts were allegedly protected by a 1973 Royal Decree ensuring total

impunity.

Phase II (2000–Present): State Cover-up.

When my memories returned, the State initiated a campaign of "institutional gaslighting." Rather than investigate, authorities weaponized psychiatry to label me with "delusional disorder," ignoring clinical evidence of C-PTSD and Structural Dissociation. In 2003, my legal insurance (DAS) was fraudulently cancelled via coerced drugging (Ketamine) to financially disarm me. The State has since maintained a systemic obstruction of justice to protect high-level perpetrators.

Domestic Remedies

Have you exhausted all domestic remedies?

Yes

Include information on steps you have taken to exhaust domestic remedies: Please describe, in chronological order, each step taken by the alleged victim(s) to raise their claims before courts and/or administrative authorities. Please describe the date and content of each submission, the authority to which it was submitted, the date of the decision, and the reason(s) for the decision. If domestic remedies have not been exhausted, please state why this should not prevent your communication from being admissible (for example if they are ineffective or unreasonably prolonged.)

See Annex 11 for full details on the obstruction of remedies.

Domestic remedies have not been exhausted because they are **unavailable, ineffective, and actively foreclosed** by the State Party (Art. 22(5)(b)).

1. **Systemic Denial of Counsel:** A "cordon sanitair" exists where hundreds of lawyers have refused representation since 2004, plausibly due to an illegal "secret curatele" (guardianship) rendered by the State Party.
2. **Police Obstruction:** In 2004, the Ministry of Justice explicitly forbade the police (Det. Bruinsma) from creating the mandatory *proces-verbaal*, blocking any criminal investigation at the source.
3. **Judicial Blockade:** The Court of Appeal (2005) and Ministry of Justice (2025) summarily rejected complaints without hearing witnesses or responding substantively.

The State’s final refusal on Nov 13, 2025, confirms that all domestic avenues are closed.

Date of adoption or notification of the last decision by domestic authorities

Claims

Article	Please explain how and why you consider that the facts and circumstances described violate your rights/ the alleged victim(s)’ rights.Please specify which rights you consider to have been violated.You should try to separate different allegations under different articles.
1	Full analysis in attached Annex 11 PDF, Section IV. Summary: The State Party is responsible for torture under Article 1. Physical/Chemical: The complainant was subjected to drugging and clandestine electroshock conditioning by state-protected actors (1972-2000). Psychological: The State's coordinated, decades-long campaign of denial, obstruction, and "institutional gaslighting" constitutes severe mental suffering intentionally inflicted to intimidate and silence the victim.
12	Article 12 (Prompt & Impartial Investigation) Full analysis in attached Annex 11 PDF, Section IV. Summary: The State Party violated Article 12 by systematically refusing to investigate credible claims. 2004: The Ministry of Justice explicitly forbade police (Det. Bruinsma) from filing an official report (proces-verbaal). 2005: The Court of Appeal rejected an Article 12 procedure without hearing witnesses. 2025: The Ministry of Justice issued final rejections (Ref: 6155331) without substantive investigation.
13	Article 13 (Right to Complain) Full analysis in attached Annex 11 PDF, Section IV. Summary: The State Party violated Article 13 by rendering the right to complain illusory. Intimidation: The complainant was treated as mentally incompetent without due process to discredit his complaints. Obstruction: The State actively blocked administrative complaints (Ombudsman) and criminal complaints (Police/prosecutor), leaving the victim without a safe mechanism to report the abuse.
14	Article 14 (Right to Redress & Rehabilitation) Full analysis in attached Annex 11 PDF, Section IV. Summary: The State Party violated Article 14 by deliberately foreclosing all paths to compensation. Financial Sabotage: The fraudulent cancellation of 'DAS' legal insurance in 2003 stripped the victim of resources. Legal Blockade: A "cordon sanitaire" and suspected secret guardianship prevent the complainant from hiring counsel to claim civil damages or rehabilitation costs.

Article	Please explain how and why you consider that the facts and circumstances described violate your rights/ the alleged victim(s)' rights.Please specify which rights you consider to have been violated.You should try to separate different allegations under different articles.
16	Article 16 (Cruel, Inhuman or Degrading Treatment) Full analysis in attached Annex 11 PDF, Section IV. Summary: Alternatively, if the acts in Article 1 are not deemed torture, they constitute cruel and inhuman treatment under Article 16. Specific Acts: The State's refusal to acknowledge the abuse, while treating the complainant as a "village idiot" and socially isolating him through secret administrative measures, constitutes degrading treatment that destroys human dignity.

Interim Measures

Request interim measures

Yes

If the author or alleged victim is at risk of irreparable harm or reprisals, you may request interim measures or measures of protection.

See Annex 11 for the urgent justification under Rule 114.

I urgently request interim measures to prevent irreparable harm due to my advanced age (77), forced exile, and precarious financial situation caused by state obstruction.

Requested Measures:

1. Cessation of Harm:

The State must immediately cease all harassment/surveillance and preserve all intelligence files (AIVD/Ministry of Justice) regarding this case.

2. Lift Legal Blockades:

Immediate removal of any "secret curatele" impeding my legal capacity.

3. Legal Aid Fund:

The immediate establishment of a Legal Aid Fund, paid into an independent "Stichting" (Foundation) to bypass state interference. This is the only way to remedy the "cordon sanitair" that has denied me legal representation for 20 years.

If known, please provide the date in which the alleged irreparable harm is expected (for example date of deportation)

Additional Comments

I have much more information since 2007 detailed in 730+ articles about all the crimes committed to me and my girlfriend, wife and now forced ex-wife.

All easily to find as it is chronological with date, name of persons involved, explanation and evidence of official reactions if any.

I have published these on my Blog hanssmedema.info as advised by American Miami Immigration Court Judge Rex J. Ford in 2009 during my first Asylum request against the Netherlands.

My case was so extreme after 7 months FBI/CIA investigations that he and DOJ found 5 grounds/Nexus for Asylum, what never happened before in the known history of America.

In total I have been in Innocent detention for 29 months (15 in America and 14 in the Netherlands), because the Netherlands refused to simply investigate my charges.

Any detective could have done that in a week or so.
